

## **BIRDSONG GREGORY**

**1,800 SqFt** Renovation  
Completed **January 2004**  
Charlotte, NC

### **BIRDSONG GREGORY**

This 2,000 square foot office was constructed in a mixed-use building in uptown Charlotte. The top seven stories are residential condominiums and the first floor is office and retail. The space was designed and constructed as an open environment to accommodate the owner's graphic design business. Finishes included two-tone antique concrete stain, painted exposed ceiling, collapsible duct sock system for HVAC distribution and low-hanging accent low-voltage lights.
