

MECKLENBURG COUNTY FREEDOM CENTER

91,000 SqFt DEMOLITION/RENOVATION
Phase 1 Completed January 2008
Charlotte, NC

MECKLENBURG CO. FREEDOM CTR.

The Mecklenburg County Freedom Center is a heavy renovation of the Freedom Mall in West Charlotte and will eventually host a variety of County services including the county's Information Technology Department, the Department of Social Services, a storage facility for the Board of Elections and a maintenance facility. By 2011, the structure will house over one thousand county employees. While Mecklenburg County officials are transforming the aging edifice into an office complex, the real estate community is showing interest in a larger redevelopment of the area. When finished, the big box will have plenty of big windows, public art and pedestrian-friendly access points.
