

THE SHOPPES at IDLEWILD MARKET

10,000 SqFt NEW CONSTRUCTION

Completed February 2008

Matthews, NC

SHOPPES AT IDLEWILD

This 10,000 square foot retail facility was a negotiated design-build project. The intent was to offer five vanilla "build-to-suit" spaces which were to be upfitted as leased. The building was slab on grade construction with a structural steel frame. It included EFIS and brick veneer as well as a storefront glass system with custom awnings. The project took fourteen weeks to complete.
