

# JUST FRESH CORPORATE OFFICE

**4,200 SqFt RENOVATION**  
**Completed February 2004**  
Charlotte, NC

**JUST FRESH CORPORATE OFFICES**

This project consisted of the upfit of an existing warehouse space into corporate office space in the Smith Building at Huntersville Business Park. Close coordination was required so as not to disrupt existing tenants during construction. New restroom facilities were installed, including custom tiles and fixturing as well as toilet partitions. Custom carpet was installed for the entire space. Also, the project added new offices and conference rooms with custom paint colors throughout. The project was completed within seven weeks from issuance of permit.
