

RAMSEY PRODUCTS

83,000 SqFt INDUSTRIAL RENOVATION
Completed November 2007
Belmont, NC

RAMSEY SILENT CHAIN AND SPROCKET SOLUTIONS

Hendrick Construction completely renovated the interior space at the former Knitcraft building in Belmont, NC to make available the new corporate headquarters for Ramsey Products. Ramsey is a world leader in the development and manufacture of silent chain products for industrial power transmission and conveying. Approximately \$3 million was invested by the firm for the purchase and renovation of the 83,000 square foot facility. The renovations took 12 months from permit to completion.
