

WESLEY CHAPEL MEDICAL OFFICE BUILDING

10,000 SqFt NEW CONSTRUCTION

Completed February 2008

Wesley Chapel, NC

WESLEY CHAPEL MEDICAL OFFICE BUILDING

This project was a negotiated, ground-up, 10,000 square-foot Georgian style medical office building which included extensive sitework. The building was designed to match existing shopping center architecture and incorporated a ten-foot store front glass system with brick façade and EFIS accents. The job operated on a fast track schedule and was completed just four months after issuance of permit. One of the most challenging aspects of the project was coordination of road work with NCDOT. A turn lane had to be added in order to meet local regulations.
